freedom to dream

What does it take to call a nation, a 'developed' one?

A nation where chasing your dreams is no more a dream in itself.

Infrastructure has a vital part to play in the process of nation-building. It is the crucible of development and progress that every country aspires for.

A country is like the human body. Just like a healthy heart and brain keep it functioning well, trade, agriculture, education, optimum healthcare are the essential elements to keep the country functioning well. But it's the vast network of arteries and veins that bring life to the human body.

In the same manner, it is the vast network of highways, roads and bridges that serve as the lifeline of any country.

Infrastructure makes dreams more real. It makes the unachievable, doable.

More than 50% of our population lives in villages. It also means that more than 50% of the able youth, the drivers of our nation's progress live in the villages. With no facilities, fewer opportunities and fewer reasons to envision a better tomorrow.

Imagine a highway being built from a remote village to the nearest metro? For every person living in that village, this is a means to dream, this is the means to aspire for a better life and for better opportunities.

A strong infrastructure means more connectivity, more opportunities and in turn more development. It means enabling the achievers with the freedom to dream big.

Dhruv Consulting believes in offering this freedom to dream. With our precision based design solutions, Dhruv enables last mile development through design, project management and quality control solutions. These are the key areas through which we aid the government in translating their vision into picture-perfect reality.

Chairman's Message

Dear Fellow shareholders,

The past year was power packed with swift profit gains, development in the company business model, entry into new markets and international recognition. Integrity within Dhruv's workforce and a strong value system have been the torchbearers of our path to success.

A team with strong technical prowess, conducive economical playground and favourable financial policies have helped us realise the goals that we had set at the beginning of the FY. It is a matter of pride, as I share our yearly performance and our vision for the next year through this annual report.

FY 18-19 was challenging and exciting. It had its fair share of ups and downs but in the end, the result was worth all the efforts.

The first half of the year was formidable, with the commencement of 9 new projects and some extra expenses that had to be directed towards the IPO. While it affected our profits in the first half, the same were recovered smoothly in the later half with high ticket size projects of MBIU and MORT&H.

Dhruv marked a record sales worth Rs. 66.28 crore.(gross). This is mainly due to the status of NHAI & MORT&H Projects which are at its peak as we speak. The company recorded gross profits of Rs. 11.12 crore and net profits (PAT) of Rs. 7.68 crore which are 10.65 % and 11.63 % more than that of FY 2017-18. I am happy to share that the Company has earned an order book of more than Rs. 270 crore, promising incremental profit growth and stable revenue for the next 3 years.

Thanks to the large budget provisions for infrastructure by the State and Central government, our targeted sales, order book and profits have been achieved comfortably.

Infrastructure as a sector is directly linked to the development of the country. Good connectivity through roads offers a strong boost to trade, opportunities, development and holistic growth of the country and its citizens.

Access to employment, social, health and education services make road network crucial in bridging the socio-economic gap and stimulating development.

Dhruv Consultancy has always believed in expansion and diversification to aid in national development. With this as our goal, the company has now started operations in the north-eastern part of India with one Detailed Project Report and one Construction Supervision Project.

These were uncharted waters for us, where working is a challenge due to the terrain although profitability is high. But our team has stood by us and worked with the same grit and determination that defines the very DNA of Dhruv.

We have already submitted bids worth Rs. 300 crore towards new projects and foresee more projects coming our way in the next FY.

For the current as well as prospective investors, the company's future in terms of profitability is instrumental in their investment decisions. We are constantly working to ensure that our investors enjoy the benefits of the support and the trust that they have vested in us.

With that in mind, I am delighted to inform you that Dhruv Consultancy has placed bids for single large size consultancy assignments of more than Rs. 10 crore each to Rs. 20 crore each in this FY. This is in association with foreign partners for expressway and border connectivity projects that are expected to reap stellar returns in the next couple of years.

The company is monitoring construction projects worth Rs. 8000 crore with the largest being worth Rs. 1052 crore ticket size. I am hit by a strong sense of nostalgia and pride when I reflect upon the 16 years of journey that we have travelled to get to this point.

What started with a small rented office space of 200 sq. ft. with 4 employees and 2 computers and a humble sales of 25 lakh in 2003 has now grown into a 10000 sq ft office, 450 employees, 200 computers and sales of more than Rs. 50 crore (200 % increase) over the last 16 years. This wouldn't have been possible without your support.

Additionally, we have also completed two projects ahead of its schedule in FY 18-19. We improvised our credit rating from BB stable to BBB- investment grade. It is further expected to increase in the coming years.

Investors are also set to benefit from clean, strong financials coming our way in the near future due to imminent foreign associations and improved payment schedules.

Adding yet another feather to our cap, our Managing Director, Mrs. Tanvi Dandawate Auti has been conferred with the Youthful Entrepreneur of the Year 2018 (Times Power Women, Mumbai), Youngest Entrepreneur in Navi Mumbai 2018

and Youngest Entrepreneur of the Year 2019 Awards by the Women Excellence Awards, Dubai.

FY 19-20 is going to be dynamic, with the state and central elections controlling the economic and financial performance of the country. While that is true, I am happy to say that irrespective of any government that comes into power, Dhruv Consultancy will still do exceedingly well.

The company holds a strong order book of Rs. 299 crore to be executed in the next 2 years. Expected additional market share of the company in Bharatmala and Sagarmala Pariyojana even if considered on a conservative side at 5% is Rs. 200 crore per year in the next 5 years.

70% of the work force in Dhruv's corporate office comprises of women

I am immensely proud of our employees, who, with their unwavering grit and trust in the management, have always stood by us. They are our family. And just like every family member needs to be cared for and nurtured, Dhruv Consultancy has taken incremental steps towards the wellbeing of our employees.

70% of the workforce in Dhruv's corporate office comprises of women, casting away gender bias. To enable ease of communication and comfort at the workplace, 2 of our directors are women, which helps us impart a sense of security and peace within our women work force.

Since the employees put in their 100% efforts in the betterment of the company, ESOP (Employee Stock Ownership Plan) has been announced for the employees to impart a sense of ownership hereby increasing their productivity. Employees are covered with personal as well as family insurances, Provident Fund, ESIC, Bonus and Performance-based appraisals.

When the employees are to be sent on official visits outside the city or abroad, accommodation arrangements are made available to all employees so that they can travel without any worry.

Skilling and reskilling is paramount to the company's betterment and for that Dhruv organises educational trips abroad as well as in India.

Additionally, company-sponsored post graduation courses, training programmes for communication skills and grooming are arranged from time to time.

Every business, whether large or small is a creator of opportunities. And as an organisation, we feel that it is our moral responsibility to help the disadvantaged communities.

As a part of our CSR efforts, Dhruv Consultancy has started a non-profit organisation in rural Maharashtra that works for the welfare of women and children. Additionally, Dhruv has tied up with universities and colleges in different parts of rural Maharashtra so as to recruit students from the colleges and provide them with on-job training and employment.

As a public listed company, our vision is to bring about development and precision in our internal operations. Our first step towards achieving this would be to go on the main board in the next FY.

In the next 5 years, our goal is to digitise our internal operations thereby reducing human dependency and increasing efficiency of work.

In FY 19-20 we are focussed towards executing the order book in an effective way to reduce high ageing debtors, expenditures of projects and increase profits.

Dhruv Consultancy specialises in designing and monitoring infrastructure projects. Our immediate goal is to venture abroad, build thought leadership in the fraternity and grow as a Brand that matters to our investors, employees and stakeholders.

But none of this would have been possible without the support and trust from our investors, employees and stakeholders. We thank you for your continuous patronage and look forward to serving you for the years to come.

**Skilling and
reskilling is
paramount to
the company's
betterment**

Infrastructure over the last 5 years

The Indian Infrastructure sector is booming over the last decade. Of the other infrastructure components like power, railways, logistics & freight, roads and highway construction have seen a visible boom of 20% growth in the last FY. (source: ibef)

During the last five years, the growth in GDP has increased from 6.4% in FY2014 to 7.2% in FY2019. The per capita income has increased from Rs 79,118 in FY2014 to Rs 1,25,397 in FY2019. Exports growth has increased from 7.8% in FY2014 to 12.1% in FY2019.

FDI inflows have increased from USD 36B in FY2014 to USD 62B in FY2019. Industry growth has increased from 3.8% in FY2014 to 7.8% in FY2019. GFCF growth has increased from 1.6% in FY2014 to 12.2% in FY2019. Forex reserves have increased from USD 304.2B in FY2014 to USD 393.2B in FY2019. (source: National Apex Chamber)

India's infrastructure spending is projected to accelerate to at least Rs. 50 lakh crore between FY18 and FY22, making a visible impact on service delivery and providing a foundation for rapid and inclusive economic growth in the country, according to Crisil.

Budgetary boost

The infrastructure, both social and physical, was named as the first dimension of Vision 2030 in the Union Budget 2019. The Hon. Finance Minister of India, Mr. Piyush Goyal noted that India has emerged as the fastest highway developer in the world with 27 km of highways being constructed everyday.

This comes in light of the fact that some of the projects that were stuck for decades, like the Eastern Peripheral Expressway and Bogibeel Bridge in Assam have been completed this year.

Maharashtra came first in terms of investments in infrastructure projects, especially in the transportation sector, that includes road, rail and port, NITI Aayog revealed in a 2017 report. Out of total investments in infra projects worth Rs. 50.58 lakh crore, the State obtained Rs. 5.97 lakh crore.

The report said Maharashtra, with 1,097 infrastructure projects underway, was ahead of all the other States with an over 11 per cent share in total expenditure in infrastructure projects.

This year, Rs. 19,000 crore has been allotted for the Pradhan Mantri Gram Sadak Yojana (PMGSY) –a rural roads scheme launched by the government two decades back to provide all-weather access to eligible unconnected habitations.

The National Highway Authorities of India (NHAI) has faced a budgetary cut of approx. Rs. 1000 crore over the last financial year whereas the Ministry of Road Transport has been allocated a sizeable chunk for construction and development of roads in the rural areas and internal state highways. This clearly implies the government's focus on state level road development.

The PMGSY was launched by the Government of India to provide connectivity to the remote, inaccessible communities as a part of poverty reduction goals.

Our constant endeavour to align ourselves with the government and its goals is visible through the fact that 78.17% of Dhruv's projects have been in highways and primarily state and rural highways.

One of our most ambitious projects in this regard is the 4 - laning project of the Solapur - Yedshi - Aurangabad Highway.

Solapur - Yedshi Highway

Independent Engineer Services for Four laning of Solapur to Yedshi Section of NH-211 (New-NH-52) from Km 0+000 to 100+000 (Design Length-98.717 km) in the state of Maharashtra to be executed as BOT (Toll) on DBFOT pattern under NHDP Phase-IV.

On March 3, 2014, the NHAI and SYTPL (Solapur Yedeshi Tollway Pvt. Ltd. - a Concessionaire), an SPV of IRB Infrastructure Developers Ltd., entered into a Concession Agreement to develop, operate and maintain the Solapur – Yedeshi NH 211 Project. The concession period of the Project is 29 years from the Appointed Date.

SYTPL was entrusted to expand a 98.717 km section of NH 211 between Solapur and Yedeshi in Maharashtra from two lanes to four lanes on a DBFOT basis.

The Solapur – Yedeshi NH 211 Project comprises the section of NH 211 from km 0.00 to km 100.00. The starting and end points of the project falls within 10km radius of Great Indian Bustard Sanctuary near Solapur and Black Buck Rambling sanctuary near Yedeshi.

Dhruv Edge

For both the projects, Dhruv Consultancy, due to their proven expertise won the tender purely on their technical superiority over other applicants. These projects were awarded in spite of our bid not being the lowest in the lot.

This speaks volumes about our client's trust in our capabilities, our expertise and our unmatched service.

As the Independent Engineer on both these projects, Dhruv Consultancy completed the prestigious 4-laning of the 100 km stretch in both the projects within the PCOD (Provisional Commercial Operation Date) without any delays or defaults.

Over the last 16 years, Dhruv's vision has been to constantly evolve and aid the government in creating a favourable growth environment. If you see, we have been experiencing a consistent growth over all these years and it is our endeavor to continue with the same for all the years to come.

ECONOMIC OVERVIEW

India's Gross Domestic Product (GDP) grew by 6.7% during the financial year 2018. The Indian economy grew at its fastest in FY 2018, bolstered by strong performance in infrastructure, manufacturing and public service showing a persistent revival trend.

With this performance, India retained its position as the world's fastest growing major economy. This has been made possible due to significant progress on important economic reforms, (viz effective implementation of GST, Insolvency, Bankruptcy Code, and announcement of bank recapitalization, Intellectual Rights Policy) by the government, which will support strong and sustainable growth going forward.

Looking ahead, India's economic growth is expected to gather momentum in FY 2019, aided by a conducive domestic and global environment. In addition, the thrust on rural and infrastructure sectors in the Union budget of 2019 are expected to rejuvenate the positive economic developments.

INDIAN INFRASTRUCTURE INDUSTRY OVERVIEW & OUTLOOK

Infrastructure is a key driver for the Indian economy. It is crucial for economic growth and employment generation.

In the past, the responsibility for providing infrastructure services was vested solely with the Government. This was mostly due to a number of reasons including lumpiness of capital investments, long gestation periods, externalities, high risks and low rates of return.

But in recent times the old paradigm of infrastructure being a public sector monopoly has been challenged by fiscal constraints and technological innovations. Limits on budgetary allocations

and public debt, and the dismantling of the allocated system of credit have catalysed the encouragement of private entry in infrastructure provision. Bridges, dams, roads and urban infrastructure development are the major areas where new projects are set to line up.

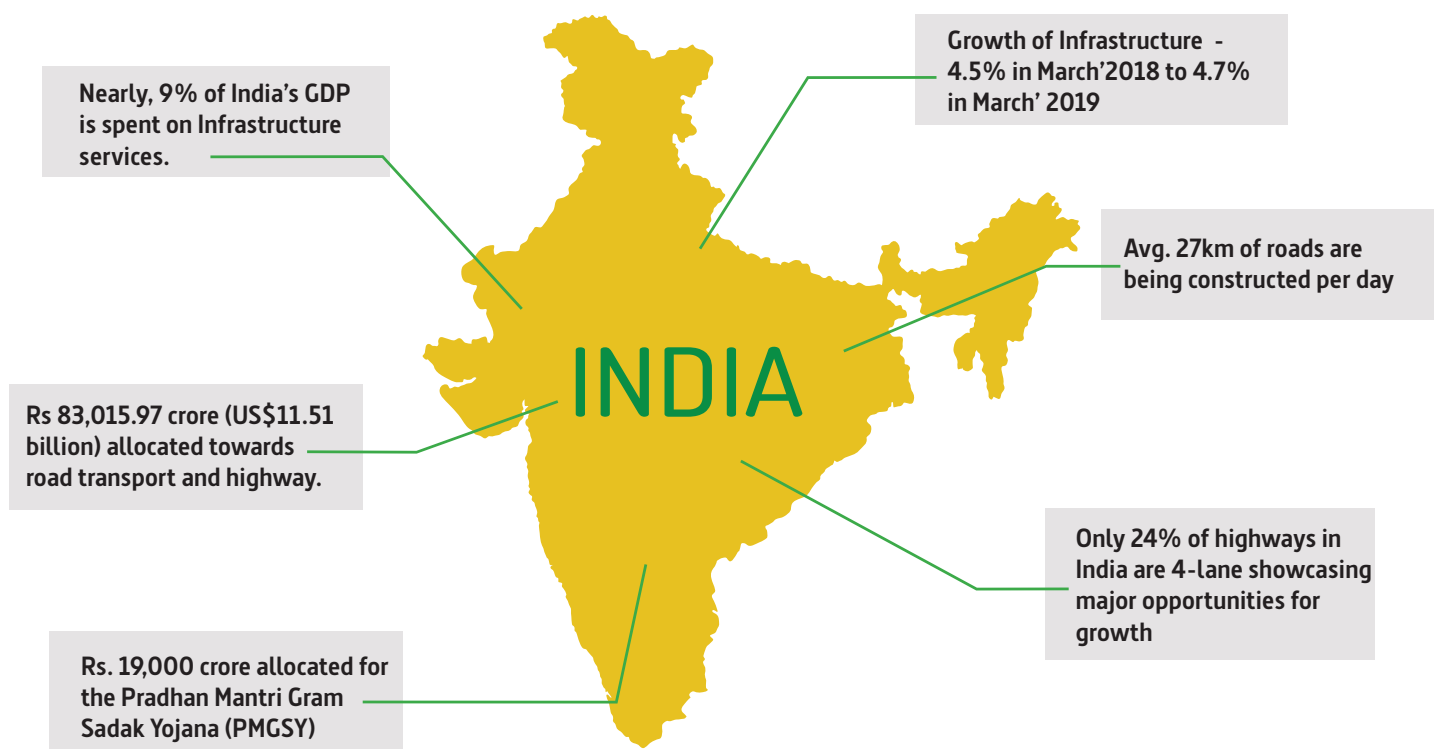

The government in its budget for the year 2019 has estimated budgetary expenditure on infrastructure of Rs. 5.97 trillion, against the estimated expenditure of Rs. 4.94 trillion in year 2018 in order to improve its economic growth; and integrate the nation with a network of roads, airports, railways, ports, inland, waterways and to provide good quality services. With this as the background, private infrastructure consultancy services are emerging as one of the growing segments in India.

India has emerged as the fastest growing economy and also the one to take concrete steps towards realising the Sustainable Development Goals. Although the budgetary allocation towards NHAI has been constrained this financial year, highway projects are on a peak now more than ever.

The construction of highways reached 9,829 km during FY18. Bharatmala and Sagarmala projects by the government has created a favourable playground conducive to private firms like Dhruv Consultancy. FY 18-19 has seen continuity in the focused approach of the Government by introduction of conciliation and settlement mechanism of the contractual disputes pending either before the arbitral tribunal or before the courts as the litigation between the parties. As a result of these, there has been a renewed interest among the Developers towards increasing investment into the Infrastructure Sector.

The infrastructure, both social and physical, was named as the first dimension of Vision 2030 in Union Budget 2019

Bharatmala Project

- 83,677 km of highways to be constructed by 2022
- 1.31 lakh km of National Highways completed by Dec' 2019
- 5,700 km of projects awarded under the ambitious infrastructure project in 2019
- NHAI has achieved 93 hybrid annuity model (HAM) projects

Pradhan Mantri Gram Sadak Yojana

- 1.67 lakh Unconnected Habitations are eligible for coverage under the programme.
- Involves construction of about 3.71 lakh km. of roads for New Connectivity
- 148,480 - Completed road works

last mile impact

Ever since our inception, Dhruv Consultancy's value system and hence the solutions are directed towards the growth of the nation. Excellent infrastructure plays a major role in taking the country towards the top echelons of the global economics and liveability. That being said, infrastructure is just one of the facets. The prime focus lies in aiding the government in solving the socio-economic issues of the society at grass roots level.

Dhruv Consultancy has been driving last mile impact to the deeper ends of the community through our NGOs - Charuttar Trust at Anand, Gujarat and Tanvi Samajik Sanstha which is owned by the director at Navi Mumbai.

This year our focus has been to promote education and entrepreneurship among the students in rural Maharashtra.

Every year, we have a goal set for ourselves, which is driven by the CSR committee. This year too, the Chairman and the MD of Dhruv Consultancy Services, visited management and engineering colleges in the rural areas of Maharashtra. There, they indulged in a healthy discussion with the students where they spoke about the need for entrepreneurial thinking ways to own the same.

AUDITOR'S REPORT

INDEPENDENT AUDITOR'S REPORT

To The Members of Dhruv Consultancy Services Limited

Report on the Audit of the Financial Statements:

Opinion

We have audited the accompanying financial statements of Dhruv Consultancy Services Limited ("the Company"), which comprise the Balance Sheet as at March 31, 2019, the Statement of Profit and Loss, the Statement of Cash Flows for the year ended on that date, and a summary of the significant accounting policies and other explanatory information (hereinafter referred to as "the financial statements").

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid financial statements give the information required by the Companies Act, 2013 ("the Act") in the manner so required and give a true and fair view in conformity with the Accounting Standards prescribed under section 133 of the Act and other accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2019, the profit and its cash flows for the year ended on that date.

Basis for opinion

We conducted our audit of the financial statements in accordance with the Standards on Auditing specified under section 143(10) of the Act (SAs). Our responsibilities under those Standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India (ICAI) together with the independence requirements that are relevant to our audit of the financial statements under the provisions of the Act and the Rules made thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ICAI's Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the financial statements.

Key audit matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the financial statements of the current period. These matters were addressed in the context of our audit of the financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. We have determined the matter described below to be the key audit matter to be communicated in our report.

- Key Audit matter on Revenue recognition :

Revenue from rendering of 'Infrastructure Project Consultancy' services is recognised and accrued with reference to the terms of agreements for such service. For the year ended 31 March 2019, revenue from 'Infrastructure Project Consultancy' services amounting to Rs. 56,11,18,779/- is recognised based on the different sub-categories of Services like 'Authority Engineering Services', 'Detailed Project Report Services and other allied services. The rates applied are the ones agreed with customers or estimated by management based on the latest terms of the agreement or latest negotiation with customers and other industry considerations as appropriate.

Due to the large variety and complexity of contractual terms, as well as ongoing negotiations with customers, significant judgments are required to estimate the rates applied, certainty of realisation, measurement of billed services and timing of services. If the contracted services are not delivered then penal clauses in the said agreement are invoked by the customers, which will have an impact on the accuracy of revenue recognised in the current year and accrued as at year end.

- Auditor's Response:

We have performed the following procedures in relation to the accuracy of revenue recognised and accrued.

- Understood, evaluated and tested the key controls over the rates applied, time of billing, and measurement of services delivered in case of 'Infrastructure Project services' and its sub-categories. We selected a sample of transactions and:
- Compared sales invoices with Work orders, remarks of internal project monitoring team and the service completion certificates issued by competent authority.
- Tested agreed revenue and the revenue recognised to the underlying accounting records.
- Checked to bank advices or credit notes on a sample basis for the net settlement and reviewed aged items for any disputed amounts.

Information Other than the Financial Statements and Auditor's Report Thereon

The Company's Board of Directors is responsible for the preparation of the other information. The other information comprises the information included in the Management Discussion and Analysis, Board's Report including Annexure to Board's Report, Business Responsibility Report, Corporate Governance and Shareholder's Information, but does not include the financial statements and our auditor's report thereon.

Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information; we are required to report that fact. We have nothing to report in this regard.

Management's Responsibility for the Financial Statements

The Company's Board of Directors is responsible for the matters stated in section 134(5) of the Act with respect to the preparation of these financial statements that give a true and fair view of the financial position, financial performance and cash flows of the Company in accordance with the Accounting Standards and other accounting principles generally accepted in India. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The Board of Directors are responsible for overseeing the Company's financial reporting process.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

1. Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
2. Obtain an understanding of internal financial controls relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Company has adequate internal financial controls system in place and the operating effectiveness of such controls.
3. Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
4. Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
5. Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

Materiality is the magnitude of misstatements in the financial statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the financial statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the financial statements.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on Other Legal and Regulatory Requirements

1. As required by Section 143(3) of the Act, based on our audit we report that:

- a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.
- b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books.
- c) The Balance Sheet, the Statement of Profit and Loss and the Statement of Cash Flow dealt with by this Report are in agreement with the relevant books of account.
- d) In our opinion, the aforesaid financial statements comply with the Accounting Standards specified under Section 133 of the Act, read with Rule 7 of the Companies (Accounts) Rules, 2014.
- e) On the basis of the written representations received from the directors as on March 31, 2019 taken on record by the Board of Directors, none of the directors is disqualified as on March 31, 2019 from being appointed as a director in terms of Section 164 (2) of the Act.
- f) With respect to the adequacy of the internal financial controls over financial reporting of the Company and the operating effectiveness of such controls, refer to our separate Report in "Annexure A". Our report expresses an unmodified opinion on the adequacy and operating effectiveness of the Company's internal financial controls over financial reporting.
- g) With respect to the other matters to be included in the Auditor's Report in accordance with the requirements of section 197(16) of the Act, as amended:

In our opinion and to the best of our information and according to the explanations given to us, the remuneration paid by the Company to its directors during the year is in accordance with the provisions of section 197 of the Act.

- h) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, as amended in our opinion and to the best of our information and according to the explanations given to us :
 - i. The Company does not have any pending litigations which would impact its financial position.
 - ii. The Company did not have any long-term contracts including derivative contracts; as such the question of commenting on any material foreseeable losses thereon does not arise.
 - iii. There has not been an occasion in case of the Company during the year under report to transfer any sums to the Investor Education and Protection Fund.

2. As required by the Companies (Auditor's Report) Order, 2016 ("the Order") issued by the Central Government in terms of Section 143(11) of the Act, we give in "Annexure B" a statement on the matters specified in paragraphs 3 and 4 of the Order.

to the Independent Auditor’s Report.

(Referred to in paragraph 1(f) under ‘Report on Other Legal and Regulatory Requirements’ section of our report to the Members of Dhruv Consultancy Services Limited of even date)

Report on the Internal Financial Controls Over Financial Reporting under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 (“the Act”)

We have audited the internal financial controls over financial reporting of Dhruv Consultancy Services Limited (“the Company”) as of March 31, 2019 in conjunction with our audit of the financial statements of the Company for the year ended on that date.

Management’s Responsibility for Internal Financial Controls

The Board of Directors of the Company is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to respective company’s policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditor’s Responsibility

Our responsibility is to express an opinion on the internal financial controls over financial reporting of the Company based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the “Guidance Note”) issued by the Institute of Chartered Accountants of India and the Standards on Auditing prescribed under Section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor’s judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the internal financial controls system over financial reporting of the Company.

Meaning of Internal Financial Controls Over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Limitations of Internal Financial Controls Over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, to the best of our information and according to the explanations given to us, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31, 2019, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

NOTES FORMING PART OF THE FINANCIAL STATEMENTS

Note: - 19

SIGNIFICANT ACCOUNTING POLICIES:

The financial statements are prepared to comply in all material aspects with the applicable accounting principles in India, the accounting standards issued by the Institute of Chartered Accountants of India and the relevant provisions of the Companies Act, 2013.

Basis of Preparation:

The financial statements have been prepared and presented under the historical cost convention on the accrual basis of accounting and comply with the Accounting Standards issued by the Institute of Chartered Accountants of India and the relevant provisions of the Companies Act, 2013, to the extent applicable. The financials statements are presented in Rupees, unless otherwise stated.

During the year, the figures of the previous year have been regrouped and recast wherever necessary to confirm to the groupings of the current year.

Use of Estimates:

The preparation of the financial statements in conformity with the Generally Accepted Accounting Principles (GAAP) requires the management to make estimates and assumptions that affect the reported amount of assets, liabilities, revenues and expenses and disclosure of contingent assets and liabilities. The estimates and assumptions used in the accompanying financial statements are based upon management's evaluation of the relevant facts and circumstances as of the date of the financial statements. Actual results may differ from the estimates and assumptions used in preparing the accompanying financial statements. Any differences of actual results to such estimates are recognised in the period in which the results are known / materialised.

Revenue Recognition:

Revenue / Income and Cost/ Expenditure are generally accounted on accrual as they are earned or incurred except in case of significant uncertainties. Sales comprise of sale of services, net of trade discount.

Property, Plant & Equipment and Depreciation:

Property, Plant and Equipments are stated at cost, less accumulated depreciation and impairment loss, if any. Cost comprises the purchase price and the costs, which are attributable for bringing the asset to its working condition, for its intended use.

Depreciation on Property, Plant & Equipment is provided on written down value based on the useful lives and in the manner prescribed under the Schedule II of the Companies Act, 2013.

Depreciation on the Property, Plant & Equipment added/disposed off/discarded during the year is provided on pro rata basis with reference to the month of addition/disposal/discarding.

Impairment of Assets:

In accordance with AS 28 'Impairment of Assets' issued by the Institute of Chartered Accountants of India, the carrying amounts of the Company's assets are reviewed at each balance sheet date to determine whether there is any impairment. The recoverable amount of the assets (or where applicable, that of the cash generating unit to which the asset belongs) is estimated as the higher of its net selling price and its value in use. An impairment loss is recognised whenever the carrying amount of an asset or a cash generating unit exceeds its recoverable amount. Impairment loss is recognised in the Profit and Loss Account or against revaluation surplus where applicable.

Investments:

Current investments are carried at the lower of cost or quoted / fair value, computed category wise. Long Term Investments are stated at cost. Provision for diminution in the value of long-term investments is made only if such a decline is other than temporary in the opinion of the management.

Taxation:

Income tax expenses comprises of Current Income Tax and Deferred Tax.

Current Taxes:

Provision for current income-tax is recognised in accordance with the provisions of the Income Tax Act, 1961 and is made annually based on the tax liability after taking credit for tax allowances and exemptions.

Deferred Taxes:

Deferred tax assets and liabilities are recognised for the future tax consequences attributable to timing differences that result between the profits offered for income taxes and the profits as per the financial statements. Deferred tax assets and liabilities are measured using the tax rates and the tax laws that have been enacted or substantively enacted at the balance sheet date. The effect of a change in tax rates on deferred tax assets and liabilities is recognised in the period that includes the enactment date.

Deferred tax assets are recognised only to the extent there is reasonable certainty that the assets can be realised in the future, however, where there is unabsorbed Depreciation or carried forward loss under taxation laws, deferred tax assets are recognised only if there is virtual certainty, supported by convincing evidence of recognition of such assets. Deferred tax assets are reassessed for the appropriateness of their respective carrying values at each balance sheet date.
